Your total one-stop hurricane preparation station!

Servicing the greater GME area for over 220 years.

You can depend on Dal and his highly trained staff to ensure that you have the proper tools for the job.

Dal and his staff have been working with electrical stuff for a really long time. They are experts at plugs and wires and stuff that makes electricity. They have an impeccable safety record and have yet to be caught by OSHA for any violations.

If you ain't got power then they can get you some even if it means borrowing from the neighbors.

So if you are the victim of a hurricane call Dal or any member of his staff of experts and let them:

"Hook you up with a HOT JOB!!!"
